

Environmental Policy

1. Policy Statement

Pritchard Group Ltd is committed to conducting its operations in a manner that minimises environmental impact, prevents pollution, and promotes sustainability throughout the lifecycle of our services. We aim to continuously improve our environmental performance in line with best practices and current legislation.

We recognise our responsibility to protect the environment, reduce waste, and operate efficiently in every aspect of our business — from project delivery and procurement to office administration and partner engagement.

2. Scope

This policy applies to all employees, subcontractors, partners, and stakeholders involved in our operations. It covers all aspects of our work in fire safety, mechanical and electrical installations, and compliance-led project delivery.

3. Key Environmental Commitments

We are committed to the following principles:

Compliance

- Meet or exceed all relevant environmental laws, regulations, and industry standards
- Monitor changes in legislation and ensure timely policy updates

Pollution Prevention

- Minimise emissions, discharges, and pollution arising from our activities
- Ensure safe storage and handling of all hazardous materials

Resource Efficiency

- Reduce energy consumption across sites, vehicles, and office operations
- Promote responsible use of water, electricity, and fuel

Waste Management

- Minimise waste generation and promote reuse, recycling, or responsible disposal
- Work with waste carriers and disposal partners who meet environmental compliance

Sustainable Procurement

- Source materials from environmentally responsible suppliers
- Specify low-impact, recyclable, or sustainably sourced products where feasible

Carbon Awareness

- Minimise travel where possible through planning and remote meetings
 - Explore low-emission vehicles and logistics optimisation as we grow
-

4. Employee and Partner Responsibility

All staff and subcontractors are expected to:

- Comply with this policy and follow environmental procedures on site
- Report any environmental incidents, hazards, or concerns to management
- Participate in training and awareness initiatives as required

We work closely with all delivery partners to ensure that environmental standards are upheld across every project, regardless of region or size.

5. Continual Improvement

Pritchard Group Ltd will:

- Monitor environmental performance regularly
 - Set annual environmental objectives and track progress
 - Review this policy as part of our management system to ensure it remains relevant and effective
-

6. Communication

This policy is available to:

- All employees and subcontractors via induction and internal systems
 - Clients, suppliers, and stakeholders via our website or on request
 - The public, to demonstrate our commitment to sustainable business practices
-

7. Approval

This Environmental Policy has been approved by the Director and will be reviewed annually or as required.
